**NARRATIVE**

Unit 1 was traveling n/b on N. 21st St. in the curb lane approaching Myrtle Ave. Unit 2 was traveling w/b on Myrtle Ave. stopping at N. 21st St. Unit 1 enters the intersection of N. 21st St. and Myrtle Ave. and was struck by unit 2. The back right fender / tire of unit 1 and the front left of unit 2 was damaged. The first piece of debris that belonged to unit 1 (hubcap) was located within 10 to 15 feet of the intersection. Additional pieces of debris (hubcap and aluminum from wheel) was located across the right lane up to 25 to 30 feet away. The location of damage and debris in roadway indicated that unit 2 initiated a right turn onto N. 21st St. early striking unit 1. The debris was pushed further north from passing vehicles while the crash scene was being evaluated indicating that the debris was even closer to the intersection at the time of impact.

The driver and passenger of unit 1 stated that they were traveling n/b and observed unit 2 about to pull out off of a side street (Myrtle Ave.) I was advised that unit 2 stopped, however, upon just passing unit 2, unit 1 was struck.

The driver of unit 2 stated that she observed that the right lane was clear upon entering onto N. 21st St. heading n/b. The driver of unit 2 stated that she was on N. 21st St. a short distance before she was struck. The driver of unit 2 could not recall seeing unit 1 until after she stopped and observed unit 1 pulling into a parking lot further up the road.
